Dear Commissioners:

I am writing to let you know of my support for Plan Amendment No 02-305 for trails within the Santa Susana Mountain Trails Master Plan to be connected through easements in perpetuity, and that they be maintained by Los Angeles County.

It is extremely important that as Los Angeles urbanizes that we set aside multi-use sustainable trails to accommodate hikers and riders, and that these trails links communities allowing accessibility and connectivity. I have seen the effects of poor planning where a

trail was promised by developers, that promise was met, but the trail did not connect to anything, thus rendering it useless.

Thank you
